Stanhope Reeve Harry Davis presents the Citizen of the Year Award to Art Hunt. The award is presented annually to a township citizen who makes a significant contribution to the community. Since becoming a full-time resident of Halls Lake after his retirement 15 years ago Mr. Hunt has been very active in organizing events at Club 35 and is also noted for his volunteer work with senior citizens. The award was presented on Saturday evening at the Stanhope Christmas party after the Municipal Council voted unanimously to honour Mr. Hunt.

Three youths charged

Three Haliburton area youths have been charged with a number of offenses following a series of incidents in that community in late November and early December.

Scott Mitchell, 18, is charged with five counts of break and enter, two counts of possession of stolen property, one count of mischief, and one count of breach of undertaking.

Bret Hie, 21, was charged with one count break and enter, and one count of stolen property.

Dusty Upton, 19, was charged with a single count of break and enter.

The charges are related to the following incidents: the November 18 break-in at the LCBO when \$489 worth of merchandise was taken and \$170 damage done; the November 21 break-in at the Dysart Community Centre

when \$14 worth of cigarettes was taken and \$130 damage done; the November 27 smashing of the Dysart Township office window, valued at \$90; the November 30 break-in at the LCBO in which \$256 worth of liquor was removed and \$150 damage done; the December 1 break-in at the Haliburton Snack Bar in which \$6 worth of cigarettes was removed and \$150 damage done; the December 1 attempted break-in at the Good Medical Centre resulting in \$150 damage; and the December 1 break-in at the LCBO in which \$965 worth of liquor was stolen.

The incidents are being investigated by Constables Al Bibby and Dennis Potter.

Driver injured

A Stouffville resident was taken to Haliburton Red Cross Hospital for treat-

ment of minor injuries following a single car accident December 5 on Highway 519 in Eagle Lake. Monique Roadknight, 22, was attempting to negotiate a curve in the highway when her vehicle began to fishtail and went out of control. The car, a 1984 Ford, went off the east side of the roadway and rolled over into the ditch. The road was slush covered at the time of the incident.

Damage to the vehicle was estimated at \$5,000.

The matter was investigated by Constable Brad Burkholder.

Charged

A Minden area resident has been charged with careless driving following a two car accident Saturday on Highway 35 north of Minden.

Jury feels municipality should have responsibility for worksite safety

A coroner's jury investigating the death of Wesley Crawford of Stanhope Township have recommended that municipalities should take a greater share of responsibility for ensuring construction and demolition work is carried out in a safe manner. The recommendation was contained in a verdict reached Thursday afternoon, following almost two hours of deliberation.

The jury of two women and three men was convened under Coroner Blair Pierce, to investigate the death of 61 year old Wesley Crawford. The man died May 13 of this year when a barn on property owned by Brown Camping Supplies in Guilford Township collapsed while he was dismantling the structure.

The jury concluded that property owners should be responsible for obtaining a permit to carry out demolition work and that these permits be issued by the townships; that the by-law enforcement officer should visit the workings before the job is started and while in progress to make recommendations on how the work is to be carried out; and that by-law enforcement officers be required to take training for the Construction Safety Association regarding the safety aspects of dismantling a building, in particular to providing proper bracing as the structure is dismantled.

The need for bracing was brought to light by one of the witnesses at the inquest, Mr. Harold Wild, a Construction Safety Officer with the Ministry of Labour, told the hearing that if the structure had been properly braced, the beams which crushed Mr. Crawford would not likely have fallen.

Wild told the inquest that he had visited the site of the accident almost a month after the incident. After examining the evidence, he said Mr. Crawford was working on one side of an 'L' shaped section of the barn which was still standing. The ten by ten inch beams were resting on the sill of the barn at about waist height. Three beams provided vertical

support for a horizontal beam. He estimated that each beam weighed over a ton.

Mr. Crawford was apparently removing the board siding from the structure, Wild told the meeting. He started pulling the boards from the frame, working from the corner. As Crawford moved farther from the corner, the pulling action on the covering board would cause the beams to sway, Wild suggested. He said eventually, the worker exerted enough force to break the pegs holding the beams in place and one side of the structure fell in while the side he was working on fell outward crushing Mr. Crawford under one of the uprights.

Wild said the beams which remained standing after the barn had been partially dismantled should have been braced to stop the rocking action caused by pulling the boards from the side. He quoted a section of the Industrial Safety Act which stated that proper bracing and shoring was needed to prevent the collapse of any partly dismantled structure. Wild told the hearing that the beams were sufficiently old and rotted that the pulling of the boards would be enough to cause the construction method used to break or give way.

Multiple injuries

According to Dr. Pierce, who read excerpts from the post mortem, Mr. Crawford died from multiple traumatic injuries, any one of which would have proven fatal to the worker.

Constable Glen Irving of the Minden detachment of the Ontario Provincial Police told the inquest that he was called to the scene of the incident at 3:45 on the afternoon in question. He said he had found the deceased lying on the ground near the barn. There were no signs of life.

John Brown, a shareholder of the company, Brown Camping Supplies and former operator of a number of group homes in the area under Browndale Ontario Limited, was the next witness to appear. He told the hearing that Mr. Crawford had called him several days before his death to report that a barn on property Brown owned had been damaged in a wind storm. Crawford said that people had been removing the lumber from the scene and Crawford felt the structure should be torn down.

Brown told the inquest he felt Crawford was attempting to tell him, indirectly, that he wanted the lumber

Snow on ground November 30, 1982	0	0
Days clear or mostly so	6	
Days with rain or snow	13	
Days with freezing rain	2	
Days with thunder storms	1	

November was a pretty dull, damp month, about average snow, less than average rain. Not much more can be said for November of any year.

Two car accident

According to police, Paula Solway of Minden Township was completing a left hand turn into a private driveway when a car driven by Joel Gentle attempted to pass the vehicle. The right front corner of the Gentle vehicle struck the left front of the Solway car.

Damage was estimated at \$1500 to each vehicle.

Gentle was charged with careless driving. Constable Glen Irving was the investigating officer.

Winter driving

From the accidents which occurred during the past week, it would appear motorists are not adjusting too well to winter road conditions. Of the 17 reported accidents, 14

involved drivers sliding off the roadways into rocks, sand piles and parked vehicles. No serious injuries occurred.

One accident in which 2 children were shaken up occurred on November 29 when a 1977 Dodge being driven by Darlene Visneskie, age 32, of Lindsay, went out of control on an ice patch on Hwy. 35 north of

Carnarvon. The vehicle crossed the oncoming lane, broke off 4 guide posts, entered the ditch and rolled over. Her son Duane, age 8, and daughter Aimee, age 5, received minor injuries. Investigated by Constable Dennis Potter.

Inquest

(from page one)

for his own use, and so he gave him permission to dismantle the remaining portion of the barn.

Brown told the hearing that Crawford had been employed by Browndale prior to 1981. After he was laid off from Browndale, Brown agreed to pay him \$10,000 per year to carry out a number of chores related to livestock he owned. He said that funds for paying the man had ran out earlier this year however, the employment position was not officially terminated when Crawford called about the barn.

Mr. Brown said he felt a special kinship with Mr. Crawford, a mutual respect and understanding which went beyond an employer-employee relationship.

Brown said the deceased had good work habits and was not the sort of person who would "get caught by a falling beam."

Summation

Counsel for the Coroner, J. D. Warren, told the jury before they retired to consider their verdict that while they might consider recommending special by-laws or licences as a result of such situations, over-regulation of the community was also a matter to be considered. "It is virtually impossible to have someone looking over every shoulder all day," Warren told the jury. "I wonder if obtaining a licence to carry out the work would have prevented this tragic accident," he said. "Mr. Crawford was an experienced worker. Perhaps the accident was simply a matter of inattention or a lack of appreciation for the situation. I don't know what recommendations you could make. It is simply a matter of common sense," he concluded.

Lawyer for the Crawford estate, Ray Selbie, said he felt the jury should make a recommendation. He said that absentee landlords who take people into their employ on a casual basis should take responsibility for the work being done. He suggested that in particular, they should visit the work-site before the project begins.

Companions wanted

Introduce your oil furnace to add-on electric heat and introduce yourself to substantial oil savings.

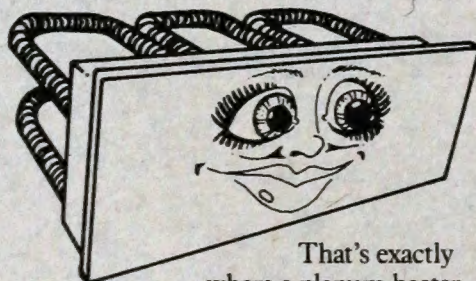

Kissing that old flame goodbye isn't the only way to reduce your oil consumption. If that oil furnace is still in good shape, you can take advantage of converting to a dual energy heating system.

Instead of replacing your furnace, introduce it to an electric plenum heater, heat pump, electric boiler or baseboard heaters. These dual energy systems let oil and electricity work in harmony to heat your home more efficiently and more economically. Operation is simple. The electric system works until the coldest winter days, then your oil furnace automatically takes over.

In most cases, add-on electric heat will reduce oil consumption by up to 75%. Even more in some cases. And a reduction of that magnitude can make a dramatic difference to the total cost of heating your home.

The Plenum Heater

The "plenum" is the warm air chamber at the top of your forced air oil furnace.

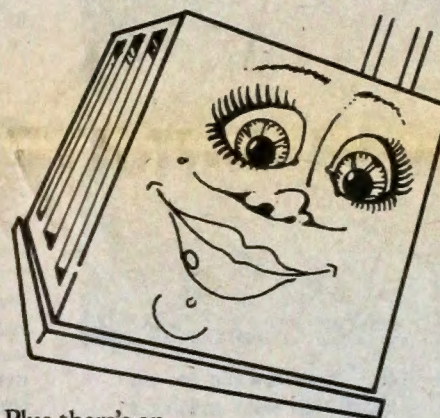

That's exactly where a plenum heater is installed. So that on most days, the fan circulates more economical, electrically generated heat.

The Heat Pump

Even on cold winter nights, there is still warmth in the outside air. Just like a

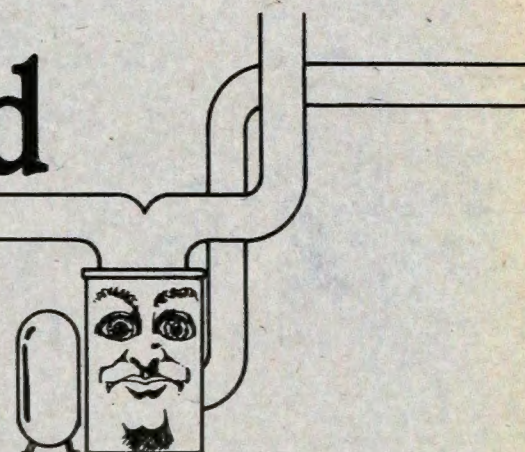

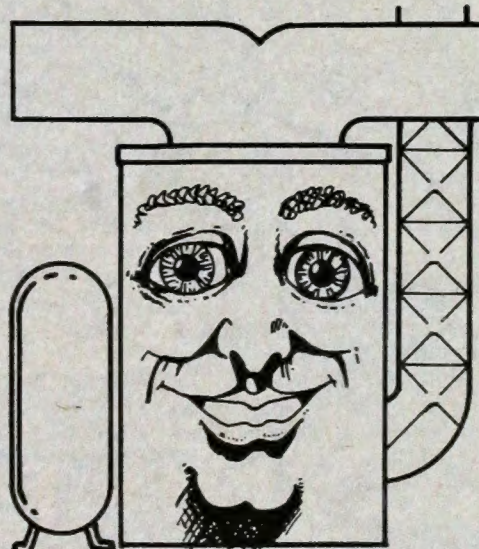

refrigerator, the heat pump extracts that warmth and pumps it into your home.

Plus there's an added bonus. In the summer, your heat pump works in reverse and becomes a central air conditioner.

The Electric Boiler

If you have an oil fueled hot water heating system, there's another alternative. You simply add an electric boiler.

It's no bigger than a small suitcase and can be easily installed.

Baseboard Heaters

Electric baseboards can also be used as a dual energy system. They're installed in individual rooms to quietly handle most of the heating load.

The Time is Right

Today is definitely the time to investigate the savings of introducing your oil furnace to an add-on electric system. The COSP (Canada Oil Substitution Program) grant will pay for half of the installed cost or \$800, whichever is less, on all systems where oil consumption is reduced by 50% or more.

To find out more about the benefits of a dual energy system, contact your local Hydro or electric heating contractor today and ask them about special assistance that could lead to even greater savings. And tell your furnace to get ready for a warm and meaningful relationship this winter.

Go Electric

New source of help available for children

Parents of children who are affected by physical or mental handicaps or emotional problems can receive assistance from agencies in Haliburton County and throughout Ontario. However, in the past many families have found difficulty in discovering what services were available and where they were located.

This problem was brought to the attention of the Haliburton County Local Advisory Board on Children's Services at a public meeting held by the board early in 1981. A need was also expressed at the meeting to have a person to co-ordinate all services available particularly those outside the county.

The board which is made up of volunteers from throughout the community forwarded a proposal to the Ontario Ministry of Community and Social Services. As a result a Case Co-ordin-

ation Program funded by the Ministry and sponsored by the Haliburton County Board of Education was initiated in March 1983. The program is supervised by K. Michael Wood in Haliburton.

Mr. Wood who grew up in Haliburton, graduated from High School in 1975 and enrolled in the Co-op Recreation Program at the University of Waterloo. Because he had "gained" a great deal of satisfaction "working with handicapped and emotionally troubled

children he concentrated his scholastic studies on therapeutic recreation and counselling. Since graduating from university he has worked at a treatment centre for juvenile delinquents, a group home for emotionally disturbed youth, and has administered therapeutic recreational programs for children and adults. Although Mr. Wood enjoys administrative work he prefers what he refers to as "front-line work" giving personal assistance to families.

During a visit to the family's home or at his office Mr. Wood answers the questions and concerns of the child and their parents and can assess the needs of the family. He then directs the family to the appropriate agency or agencies and arranges meetings between the family and these organizations.

He also arranges transportation to therapy sessions, clinics and hospitals. He continues to remain involved with the family by monitoring the child's progress to "make sure they don't get lost in the system."

Mr. Wood notes that "There are a lot of services available; it is a matter of helping parents decide who to contact". He emphasises that the "program augments the role of the parent but without their approval and co-operation nothing can be done."

The Case Co-ordinator also points out that "15 years ago learning disability was not a common term" and adds that "there is a lot more effort made to look at things from a child's point of view. Children are not just grouped as smart or less intelligent or labelled as bad kids but such factors as environmental effects are

considered and an effort is made to separate the behaviour from the child".

Mr. Wood is also a member of the Children's Liason Committee which deals with difficult children who do not fit into one category and provides a back-up system to make

sure that adequate services are provided.

Anyone interested in more information about the Case Co-ordination Programme can visit the office in the Drag River Municipal Building or phone Michael Wood at 457-1888 in Haliburton.

Mike Wood, new Community Services Officer.

Roll up your sleeves

A meeting held recently in Minden could point the way to a brighter future for the Haliburton Highlands, but only if the suggestion offered receive more than lip service from those in the tourism industry. The jointly sponsored MATA, Chamber of Commerce gathering identified this area as having great tourism potential. However, it was suggested that certain aspects of promotion, marketing and staff training were lacking, allowing the area to fall short of its full potential.

Certainly efforts have been made within the past year to come to terms with shortfalls in these areas. The Haliburton County Chamber of Commerce, being the lead body in any promotional undertaking, has gone through a major rethinking of its approach in the past few years. Backed by a major financial contribution from the county the Chamber has struck out in a number of bold new directions.

Staff training, identified by the consultants as one of the most important aspects of customer satisfaction, is also being attended to. The Hospitality Training Centre in Haliburton is indicative of the importance placed on this aspect of the business.

Other areas mentioned by the consultant need further attention. Market research, a seemingly never ending task of discovering who would be attracted to the Highlands, is a weak area. However, market research will require a major financial commitment. Overcoming the apathy of individuals and groups is another difficult problem to resolve. A positive, upbeat attitude is catching and can go a long way to helping to improve the area's image outside the Highlands. It is simply a matter of getting the ball rolling.

The community can take heart in the over-all message of the consultant, the Haliburton Highlands has a bright future if we roll up our sleeves and get to it.

letters

Editor:

In reading the Council minutes it would appear that Mr. Pergolas does not think the old Welch store is worth fixing up. So often when buildings get older they are torn down or left to fall down.

It would be nice if this building could be fixed up and used for some useful purpose. We who have lived here many years have a lot of happy memories of the days when Sam Welch ran this store and it was a meeting place for the country people on Saturday nights.

Every Christmas time he had a cute toyland fixed upstairs and we who were the children then, enjoyed this; looking things over and wondering how best to spend our twenty five or fifty cents.

Maybe I am sentimental but I really hope this building can be used again, it looks sad.

Florence Robinson,
Minden.

Editor:

I am about to tell you what could happen to us if we don't start caring more for our planet.

I saw a movie called "The Day After" a week ago. It was absolutely awful. Nuclear war could happen in an hour, a day, a week, or a month's times. I think that is the reason why everyone is so scared.

In 1962 we came very close to nuclear war just because of a computer mistake. People for miles around would be vaporised, burnt, or would suffocate.

After the war there would be radiation in the air and you wouldn't be able to come out of your bomb shelter for a year.

The symptoms of radiation poisoning are loss of hair, sickness, and then death. All the countries of the world have enough nuclear bombs to blow the world up sixty times over. After the war it would be freezing cold.

I'm not sure if there will be a world after the war, but there is a chance and people are starting to help to try and stop it.

I sometimes wish that aliens would come down from space and save us, but you shouldn't wish you should try to stop it.

Editor:

I enclose a copy of the Christmas letter from the Alito Leprosy Centre in Lira, Uganda. Sandy and I

worked with them during the two years we were in Africa so we can vouch for the tremendous job done by the Sisters.

A few dollars mailed to them in a Christmas card would be of untold help as Uganda is still in a pretty desperate economic situation. Thanks,
Bill Valentine,
Moore Falls.

Dear Friends:

"God's love for us was revealed when God sent into the world, His only Son, so that we could have life through Him." (1 John 4,9).

This is the wonderful message that once again the Christmas liturgy is offering us. Jesus the Son of God, has brought us the beautiful news of a new life: the life of the Father given to us in Jesus.

What purpose would there be if we were to keep this gift to ourselves jealously hiding it in our homes, families and countries? On the night of Christ's birth the Angels announced this new life to all those willing to accept it.

The Lord has called us, the Leprosy Assistants, the Nurses, Doctors and Sisters of Alito together with you, our Friends and Benefactors, to give this new life to all our leprosy brothers. To nurse, assist, accept, love and comfort these people is to give them new life, a life full of hope.

The medical personnel and Sisters of Alito can continue this work, thanks to your generosity and solidarity. In spite of the mail service poor and slow, we often hear from you and are deeply grateful.

This year as once again, we become the voice of our patients to wish you the peace and love of the Lord and to thank you for all your goodness, we announce with great joy the progress made by our leprosy brothers on the new method "Multy drugs therapy". This, as you know, is a therapy where high doses of different drugs are given, especially to leprosy children. Its effect has been proved good in other countries and now also here in Uganda.

By Christmas more than 100 children from 5 to 15 years old will be able to leave Alito with the certificate of complete healing. The therapy for leprosy that originally would take years, can now be given with excellent results in a much shorter time. This treatment is very good especially for the children. For many of them who would have had a very sad future, now there is hope and joy.

At Christmas they will return to their families and in a few months this disease

that for them could have been a social stigma, will be only a thing to remember. It is in the programme of Alito to continue this kind of therapy by bringing here to the Centre groups of children helping them little by little, towards the new life of full recovery.

The contrast between these children full of life and hope and that of the adult patients of the Hospital already permanently handicapped by leprosy, it is great. It is beautiful though to see how these very children are the consolation of the adults. Every evening all together they go to the Hospital where they play around waiting for the time to share in prayers. Then children and adults share together their songs of praise and thanksgiving, praying also the Rosary for their friends and benefactors. After prayers the children continue to socialize with the adults and the comfort of these is to know that for their children there will be a healthier and better life than theirs.

There could be many lovely episodes to describe the life of Alito but it would take too long a time. Just try to imagine the little scene of a leprosy boy pushing the wheel chair of Serafino, who because of leprosy has lost both legs ... Or Simon, the blind man who because of

leprosy has lost his sight and came to Alito in much bitterness and anguish, and that now has a new desire to live, thanks to the loving environment as he found in Alito. Truly the Lord has substituted his physical sight with the sight of faith.

If for the children there is the hope of full recovery, for the adults there is the hope of recovering the gift of human dignity giving them some kind of work that will help them to sustain themselves and their families. In Alito we teach those without legs to use the hand-sewing machine so that they can go back to their villages and work as tailors. Others are helped to farm their small piece of land or are given jobs to make them as independent as possible. All this can be done thanks to your generosity. Even though far away, you contribute greatly to the up keeping of the Centre, and above all to give our leprosy patients new life through new hope.

We can only thank you, but Jesus, the Lord of all consolations who consoles us so that we may console all our brothers in sorrow, will be your joy and your reward.

Merry Christmas, and
Happy New Year, 1984.

Staff and Patients of
Alito Leprosy Centre,
Lira - Uganda.

A vote against nuclear weapons

by John Eakins, M.P.P.

I am sure that most constituents were aware of the debate in the Legislature which focused on Ontario being declared a nuclear arms free zone. Although the resolution was defeated by the government members voting as a block, I did support Mr. Allen's initiative. Personally, I felt it was a poorly worded resolution, but regardless, I felt I should set aside my objections and vote for the spirit of the proposal. Although the time limit for debate was very limited, there were nevertheless many fine speeches on the subject.

Nuclear warfare must never happen. There would be no winners - only losers. The military madness of the two great powers is drawing us all closer and closer to the end of the world. Like many scientists, I accept the thesis that the day after would be no day at all, but rather the night of a winter that would last for centuries. Like many strategists, I conclude that the bomb is not a weapon of war, it is an instrument of blackmail and terror, which once unleashed, would consign us and all generations to the Inferno.

Discussion on this private members resolution was an important first step toward awareness. Awareness is a step toward education. I have personal respect for peace movements around the world. I believe they are genuinely erupting from fear of the nuclear path the two super powers are taking. While people who are looking for an anti-establishment cause join in, the peace movement does have

an honest momentum of its own.

While I supported the resolution, I mentioned I was not comfortable with the wording of it. From a purely legalistic or technical point of view, we do not have the constitutional authority to declare Ontario a nuclear free zone. If we had such powers and we banned the activities of the resolution, the actions would have no effect on the arms race. We do not confront a military situation, but we confront a political situation and the resolution points to a strategic solution that only political will and action can solve.

The awful spectre of these two giants squaring off against each other is horrifying, and impossible to understand.

Each side must accept the other. There is no democratic government waiting in the wings in Russia. There is no communist government waiting in the wings in the U.S.A.

Each of the giants could take some risks, such as declaring they would not make a first strike. Refusal to do so would only guarantee arms escalation.

Fourteen years ago, the Town of Lindsay and Nayoro, Japan, took the path of world understanding by declaring themselves to be sister cities. It is a path that communities around the world could well afford to take. It would go a long way to removing fear and mistrust among our world citizens. I shall always be proud of having taken that pathway.

Draw to take place December 10, 1983.

from the chamber

We are sad to announce that as of the first of January, we will be losing one of the Chamber's most valuable assets.

Elaine Blakey, secretary to the Chamber since 1976, has handed in her resignation so that she will be able to devote more time to her home and family. As the past few years have gone by her job responsibilities have grown like "Topsy" and through it all she has given her best. Everyone involved in the Chamber management, the Board of Directors and all our members will miss her. Lucky for us she has agreed to keep in touch and help smooth the transition. Our best wishes go with her.

Gift idea

If you are like the rest of us, you're still running around doing your last minute Christmas shopping (locally of course). If you are in need of a couple of ideas for stocking stuffers, why not our very own Halibur-

ton County Trade Dollars. These attractive coins celebrate the 1983 granting of full County status.

They are a great gift for nieces, nephews, children, grandchildren, coin collectors etc. Buy a dollar's worth of history. They can be obtained at all local banks, as well as at select retail stores. If they've run out, call the Chamber office.

Another good buy for gift-giving is the Haliburton Highlands Shop and Deal coupon book. For a modest \$5.00 you get coupons worth up to \$550.00 at participating retailers and services. Give one to all those hard to buy for people. They are also available at participating stores and the Chamber office.

The Shop and Deal books are also a great way for clubs and sports teams to raise money for ice time, uniforms and the like. If your group could use a few dollars, call the Chamber for further information. (286-1760).

Thornhill entry takes tourney

Eight Bantam teams from southern Ontario participated in the Hodgson Memorial Tournament on Saturday and Sunday at the Dysart

Community Centre. The event was sponsored by the Lake Kashagawigamog Tourist Association and the Haliburton Minor Hockey Association.

The Thornhill Thunderbirds defeated four teams to emerge as the overall winner.

The Minden Bantam team was defeated 16-1 by Thornhill and 14-3 by Huntsville who were the two top teams in the tournament. The Haliburton Bantam team lost 6-3 to Willowdale and 7-0 to Newmarket.

The Most Valuable Player award went to Thornhill's Don MacDonald. Included in the award is a one week Hockey Haven Scholarship. MacDonald was also selected as the best forward of the tournament.

The best defenseman award went to Kent Anderson of Huntsville. The best goalie was David Clarke of Oshawa. Winner of the sportsmanship award was the team from Oshawa.

Herb Gill, a dedicated and hard working volunteer for the Minden Curling Club, was honoured by his fellow curlers Saturday evening. The honoured guest received a number of gifts and a light roasting from those present. Club president Bill Dillon, right, presents Herb with a special gift. In honour of his many volunteer hours of service, the bar at the club will continue to be named in his honour.

College President will be speaker

Dr. Charles Pascal, President of Sir Sandford Fleming College, will be guest speaker at a luncheon December 9 at Wig-A-Mog Inn.

The meeting has been called to show support for development of the College's program, particularly at the Northern Campus in Haliburton. The role community colleges will also be discussed.

The reception begins at 11 a.m. with lunch from 12 noon to 1:30 p.m. The cost is \$7.00.

Hartwick wins 8-6

Hartwick Construction defeated the Rockcliffe Foam Blowers 8-6 in one of two Minden Men's Recreational Hockey League games Monday evening. In the second contest, Hall's Insurance edged Home Hardware by a 6-5 margin.

John Barkwell and Steve Crowe led the attack for Hartwick scoring a pair of goals each. One of Barkwell's efforts was unassisted.

Also scoring in the winning effort were Dave Dollo, Al Stender unassisted, and M. Jackson. Details for one Hartwick goal were not recorded. Scoring for the Foam Blowers were Harris Steele and Hartwick with a pair each and David Brown and Jim Keetch with singles.

Jerry Campbell spearheaded the Hall's Insurance attack, connecting on three

goals and picking up an assist. Other goals were scored by Dean Hewitt, Barry Walker and Rick Mansfield. Scoring for Home Hardware were Dave Lee, Ted Vasey, Jerry Poirier, Doug Ray and Jeff Campbell.

The action continues next Monday evening at the Minden arena with the first game slated for 7 p.m. Admission is free.

Share your Memories of Christmas

Each year The Times publishes a special Christmas edition featuring poetry, prose and art from local students.

They will be contributing once again this year. We invite our adult readers to help make this edition extra special too. If you have special memories of Christmas which you'd like to share, or enjoy writing poetry or sketching a Christmas theme, we'd like to include your work with our December 21 edition.

We would appreciate receiving your submissions by December 16 and will return your work.

The Times

Good week for Huskies

The Haliburton North-ernways Huskies chalked up one easy win and one hard-earned victory during this past week. On Tuesday evening the Huskies travelled to Huntsville and clobbered the home town team 10-1 but had to come from behind to defeat Gravenhurst 8-5 at the Minden Community Arena on Sunday afternoon.

The Huskies were in charge right from the first whistle in Tuesday's game against last place Huntsville. Bernie Upton took only 42 seconds to score Haliburton's first goal. Halfway through the first period Steve Smith added another marker before Huntsville got on the board to make the score 2-1 for the Huskies at the end of 20 minutes of play.

Captain Scott Arbuthnot who had missed three games due to a separated shoulder knocked in the Huskies third goal at the 18 second mark of the second period. Dave Nicholls, the team's top scorer, added another goal three minutes later. Kelly Mitchell and Drew Bishop scored a goal each to make the score 6-1 at the end of the two periods.

Bernie Upton drove in his second goal of the night early in the last period. Five minutes later Jeff Smith made it 8-1 before Drew Bishop scored his second goal of the game on a power play. Dave Nicholls who already had a goal and six assists in the game, added a power play goal in the dying minutes of the game to make the final score 10-1 for the Huskies.

Bernie Upton with a pair

of goals plus three assists and Kelly Mitchell with a goal and four assists, made a strong contribution to the team's win.

Came from behind

About a hundred fans turned out for Sunday afternoon's game in Minden between the Huskies and Gravenhurst. The spectators got their money's worth as the Huskies staged a patented come-from-behind win to beat Gravenhurst 8-5.

Kelly Mitchell took a pass out of the corner and snapped in the Huskies first goal after only 39 seconds of play. At the ten minute mark Tony Scheffee drove in a high shot from the slot after taking a pass from Barry Boice from the face-off. Penalties began to take their toll on the Huskies when Gravenhurst counted their first goal after playing with a man advantage for nearly four minutes. Gravenhurst added a power play goal to tie the game 2-2 at the end of the first period.

Gravenhurst went ahead 56 seconds into the second period after Colin Newell was trapped out of his net. The Huskies had to play the rest of the game without the teams' top scorer Dave Nicholls who was ejected from the game as a result of

a fight. With seven minutes left in the period Gravenhurst went ahead 4-2 scoring with a two-man advantage.

The visiting team scored what turned out to be their last goal early in the third period. With only ten minutes left on the clock Rob Abbs blasted in a shot from the point. Scott

Arbuthnot narrowed the lead when he beat the Gravenhurst goalie high on the glove side. Then, just over a minute later, Boomer Stamp swept in on the left wing and drove in a high hard shot to tie the game 5 goals apiece.

Scott Rae who was back in action after being out for three games put the Huskies ahead on another high shot to the goalie's glove side. At this point Gravenhurst substituted goalies which helped for about three minutes until Scott Arbuthnot scored his second goal of the game while the teams were playing three aside. Kelly Mitchell who scored the first goal of the game also scored the last goal to sew up the 8-5 victory for the Huskies.

Referee Wilf McQuinn had a busy afternoon

handing out 30 minor and 4 major penalties including a match penalty to Dave Nicholls who has been suspended for three games.

The Huskies will be playing in Gravenhurst on Friday then will host Parry Sound at the Dysart Arena on Sunday at 2 p.m. The team is also sponsoring a dance at the Dysart Community Centre on Saturday at 9 p.m.

Goalie Jim Riordan of the Minden Bantams challenges a Thornhill forward during a tournament held in Haliburton on Saturday. Minden was defeated 16-1 by the bigger, stronger Thornhill team who placed first in the 2 day event.

1984 FARM TAX REDUCTION PROGRAM

GET BACK MORE IN '84!

The Ontario Farm Tax Reduction Program, designed to assist owners of farm properties by rebating a portion of their property taxes, has been greatly improved for 1984.

As in past years, residences, farmland and outbuildings will continue to be assessed together. But the farm tax rebate will increase from 50 to 60%.

And while the gross production value for eligibility will remain at \$8,000 for the majority of the province, it will be reduced to \$5,000 for northern and eastern Ontario (northern Ontario is defined as that area north of the southern boundaries of Haliburton and Muskoka. And eastern Ontario is the area east of the western boundary of Northumberland, Victoria and Peterborough counties).

To hear more about these and the many additional program improvements, contact your local Ontario Ministry of Agriculture and Food Office.

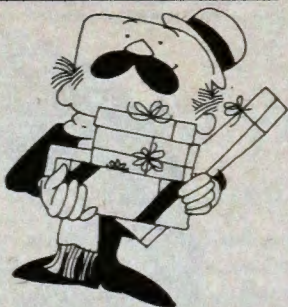

Application forms for the 1984 Farm Tax Reduction Program will be mailed during the summer of 1984, and will be accompanied by a brochure outlining the new program in more detail.

Pee Wee

The Minden Pee Wees, led by Scott Russell, scored a decisive victory over Port Carling Saturday afternoon at the Minden arena. The local team defeated their guests by a 8 - 1 margin.

Russell led the way for the victorious Monarchs pumping in seven goals, six of which were unassisted. The seventh effort came with the help of Kent Taylor. The other Minden marker came off the stick of Sheldon Stevenson with Taylor again assisting.

Lorne Greer, in nets for Minden, lost his chance at a shut-out when Port Carling scored with just 2:27 left to play.

Midget

Tuesday the Midgets travelled to Bracebridge where fans enjoyed a clean, fast hockey game and good officiating. The Minden - Haliburton team was short handed but determined, and with Andrew Burk in the net the result was a respectable 3 to 2 loss for our guys.

Scoring for the Blue was Len Johnston from Greg Newell and Mike MacNaull; and Jeff Howe from Greg Newell.

Ennismore tournament

Game 1: Campbellford 2 - 5 for the Blue. Scoring by: Chris LaPorte from Jeff Howe; Ian Cooper from Cory McKnight and Tran LaRue; Chris LaPorte unassisted; Mike MacNaull from Cory McKnight; and Cory McKnight from Jeff Howe and Ian Cooper.

MVP award to Chris LaPorte.

Game 2: Godfrey 2, Blue 3. Scoring by: Mike MacNaull from Andy Miller; Jeff Howe from Cory McKnight and Mike MacNaull; and Jeff Howe unassisted.

MVP award to Jeff Howe.

Game 3: Aylmer 0, Blue 3. Scoring by: Chris LaPorte from Ian Cooper and Len Johnston; Jeff Howe from Tran LaRue and Chris LaPorte; and Mike MacNaull from Jeff Howe and Chris LaPorte.

MVP award to Mike Blake.

Congratulations to all the boys for a mighty fine team effort and in particular to goal tenders Vince Duchene and Andrew Burk who were just outstanding.

Juvenile

Scot Hamilton led the way for the Minden Juveniles in their 6 - 4 win over MacTier. Hamilton scored two goals, one unassisted and the other assisted by Louie Reynolds and Scott Yake. The other scorers for Minden included Kevin Smith from Doug Schell; Jim McKelvey from Eldon Bull and Kevin Smith; Blaine "Mudflaps" McKel-

vey from Boomer Stamp; and Scott Yake from Boomer Stamp and Scot Hamilton.

Much of the credit for the win must go to Tim Deremo who turned in a good game in nets for Minden.

The Minden Juveniles came out on the short end of a 13 - 6 score Sunday in MacTier. Scoring for Minden were: Wade Barry from Bob Edge; John McKelvey from Eldon Bull; Kevin Smith from Doug Schell; Bob Edge from Eldon Bull; Scot Hamilton from Doug Schell and Jeff Bain from Doug Schell.

Tim Deremo and Tracey Nesbitt shared the goaltending duties.

The Juveniles will be travelling to Powasson Tuesday, December 20 for games Tuesday and Wednesday. Fans wishing to accompany the team should contact Shirley Hie as arrangements are being made for group accommodations.

The schedule

Friday, December 9 - 8 p.m. Humphrey Juveniles at Minden.

Saturday, December 10 - 12:30 Novice house league inter-squad game.

- 1:30 p.m. Port Carling Atoms at Minden.

- 2:30 p.m. Huntsville Pee Wees at Minden.

- 4:00 p.m. Port Carling Bantams at Minden.

Sunday, December 11 - 5:30 Midgets travel to MacTier.

Tuesday, December 13 - 8:30 p.m. Bracebridge Midgets at Haliburton.

Art Kerr, Elvin Johnson and Albert Carpenter prepare another helping of beef stew during a well attended supper at the Carnarvon United Church on Wednesday. The entire meal was prepared and served by the men of the parish.

Branch makes \$3,000 donation

The generosity of the donors, and the co-operation of the several committees, contributed to the successful military shows at the Agnes Jamieson and Rails' End Galleries. The exhibitions were sponsored by Branch 129 so that the public might see such a unique show without paying admission charge.

It is hoped that we have been in touch with all of our recently ill comrades. Among these, our thoughts are with Bertha Porter in Princess Margaret Hospital.

Deepest sympathy is extended to the families of World War I Veteran, Com. Osborne, whose Legion service was held on November 29.

Although November was extremely busy, Branch 129 took the time to make substantial donations. Some of these went to the Canadian National Institute for the Blind, the Haliburton Huskies hockey team, The Haliburton District Association for the Mentally Retarded, The Haliburton and Victoria Lung Association, and a donation of five hundred dollars went to the Haliburton Horticultural Club, who will plant and maintain flowers at the Legion building and at the cenotaph.

Thanks to those who purchased a copy of "Veterans Review". All proceeds went to Veterans at Sunnybrook Hospital. We regret that some orders could not be filled as we received a limited number of books.

Comrade Sylvia Sisson has completed most of the ground work in the challenging task of the formation of the Cadet Corps. Approximately 80 applications are in, and she is

presently filling officers positions.

The unselfish efforts of all those who worked in the Poppy Campaign, and all of those who contributed, have assured everyone that the poppy is very much alive, and that the flame of the torch is burning boldly. More tangible proof of this was seen at the Remembrance Day banquet when three thousand dollars was given by Branch 129 to the Haliburton Red Cross Hospital Heart Monitoring Unit.

Your Executive extends good wishes for a safe, happy holiday to all Comrades and their families. We hope to see everyone at the next general meeting on January 5, 1984.

Mabel D. Brannigan

around the county town

Call 286-1288 — 9 a.m. — 4 p.m.

Editor's note: Yvonne Guida, who has authored this column for two busy years, has taken a well earned rest. We extend our appreciation to Yvonne for her sincere dedication to the column. Readers wishing to submit items for "Around The County Town" are invited to call The Times office, during business hours (Monday to Friday 9 a.m. to 4 p.m.) at the number above. Please call by Monday at 4 p.m.

A large crowd gathered Friday evening in the Community Centre to partake in the annual Christmas social of the townships of Anson, Hindon, and Minden. One of the highlights of the evening was the superb meal prepared by the council members. From all reports the evening was a huge success. Well done councillors!

A gathering of friends took place at the Valley Road home of Bill and Caryl Douglas to celebrate Caryl's plenty-first birthday, Saturday night. The evening was geared to the fifties and the guests entered into the spirit, appearing in various outfits worn at that time. Hope you had a very happy birthday Bill.

We were very happy to hear from our reporter Michael Shirley that his mother, Gwynneth, is in good condition at Wellesley Hospital. Michael managed a short visit with his mother on the weekend. Get well soon Mrs. Shirley!

We received a call from our former columnist, Yvonne Guida this week and would like to share it with you.

"Irwin Karnick and I have been close friends for a long time. He admires my poetry and I admire him as a superb photographer. Several months ago when I was president of the Agnes Jamieson Art Gallery, I was instrumental in getting him a show here in Minden. Irwin has gone on to bigger and better things. I was able to get him a show at Adelphi University in Garden City, Long Island and by all accounts, the show is a smash. I spoke with a dear friend, Helen Probst, assistant to the President Timothy Costello and the consensus of opinion on Irwin's work, is that he is a genius in his field. I am very happy to have been an aid on his behalf, artists need all the help they can get, and Irwin is one who certainly deserves it. I am sure with the help of God, he will go on to greater things. He showed several documen-

taries at Adelphi which he recently has filmed. Several years ago he did the filming of The Boston Strangler by Truman Capote. I wish him well.

Visiting with Bess and Fred Cox this weekend were Bonnie and Gerry Nettinga of Lindsay.

David Leigh, son of Ethel was home from Trenton this past weekend. With him was his son Scott and daughter Patricia.

An evening of dinner and dancing was enjoyed by Kinmount Firefighters and friends Saturday at the Community Centre.

We are very happy to report that Mrs. Lyndsie Lewis is recuperating nicely at St. Joseph's hospital. We hope she will be back soon, fit and well once more.

We heard through the grapevine that former resident Len Lonsberry was a substantial winner on the Super Lotto draw recently. Congratulations, that should make retirement sweeter.

We are very happy to report that the Christmas Sale at the Agnes Jamieson Gallery was a resounding

success. Don't miss their latest exhibit of watercolours of our area, by Audrey Grant and Mary Wallace.

Don't forget these people at Hyland Crest Senior Citizen's Home having birthdays this month - Winnifred Johnson, December 2; Eleanor Walker, December 15; Art Young and Gordon Carr December 19.

So sorry to hear that young Master Grant Wilson of Minden had a fall Sunday and suffered a broken arm. Hope you feel better soon Grant.

Winners at the Thursday afternoon Card Party last week at St. Paul's Parish Hall were for cribbage - Diane Stevens and Joyce Hewitt, for euchre lone hands - Jean Sears and others Hilda Harrison and Freda Stacey.

There will be free movies again at the Minden Library Cultural Centre on Friday, December 9 - for adults from 2 - 3 p.m. and children from 7:15 - 8:15 p.m.

Guests last Saturday with the Milton Sears were Reg and Carol Leaman and Karen, all of Keswick.

Don't forget Rotary Bingo on Tuesday, December 13 at the Minden Community Centre. Early bird game starts at 7:50 p.m. Come and enjoy the fun.

kid's korner

by Jean Lacey

Hi kids! Here is another puzzle for you. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward,

backward and diagonally. They are all in a straight line and do not skip letters. It's as easy as that. Have fun.

THIS IS MY COMMANDMENT THAT YE LOVE ONE ANOTHER AS I HAVE LOVED YOU. GREATER LOVE HATH NO MAN THAN THIS THAT A MAN LAY DOWN HIS LIFE FOR HIS FRIENDS

Q: What kind of mistakes do ghosts make?
A: Boo-boos.

Q: What is worse than being bitten by Count Dracula?
A: Shaking hands with Captain Hook.

Q: What kind of ant is ten feet tall?
A: A gi-ant.

Q: What do you get when a giant walks through a potato field?
A: Mashed potatoes.

senior league

by Bert Harrison

We were sorry to miss the service in the chapel Sunday night, to tell your guests to please go home doesn't seem just right. Just received word that Mary Oliver's sister-in-law Minnie Sisson had just passed away. Our sympathy to Mary and all her relatives at this time we would like to say. Well readers we have had three winters already, now we have more snow, do you think that it will stay or is it going to go?

Monday morning down at fun and fitness bless her little heart, Doris Vaughan won at throwing darts. The ladies working in the craft room Monday afternoon, they work two afternoons a week, they should be caught up soon. We watched three movies Monday night, "Christmas Pace", "Companions", and "Cry of the Marsh", which was rather harsh.

Tuesday morning, Pastor and Mrs. Wood from Allsaw Pentecostal church held a real nice service in the chapel. Pastor Wood gave us a real interesting message and Mrs. Wood sang and closed with prayer, we were glad that we were there.

Angus Coulter works away making old furniture look like new. If he had to quit work I don't know what he would do. Tuesday night is music night here at Hyland Crest, Everett & Terry Lynne were our special guests. They really entertained with music and with song, please come back soon again, don't stay away so long.

Wednesday afternoon the "Happy Wanderers" wandered up from Cobocok, wandered into Hyland Crest and didn't even knock. They had been here before a good many times, but this was the first they were entertaining along the Christmas line. They opened with O Canada they really have the track, they played and sang Christmas Carols and some good old

Hymns, and we enjoyed them very much.

The ladies of the Eastern Star brought in the lunch Thursday several came from different parts not too far away. They go to so much trouble and really treat us fine with good food, tea and soft drinks but not any wine.

As we near the end of eighty three, we would like to tell you of some of our Auxiliary activities. They purchased for us four lovely round tables so we will not need to sit at long tables anymore. To give us a little

cheer, they gave money to buy Christmas presents for all the residents here. To purchase a new organ, they are helping out on that too. To the Auxiliary Members we take off our hats. To all the members and all you hold dear, a Very Merry Christmas and a Happy New Year.

The Bingo members had something to crow about

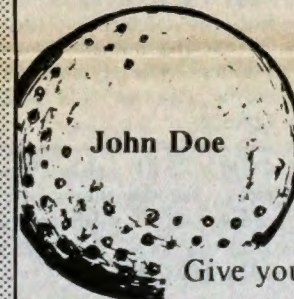

Thursday night. The bingo numbers were called by members of the Kinsmen Club, Opal, Craig and Steve Crowe who did the job just right. We have had no fun and fitness the last two mornings, we are all getting ready for our Christmas concert. No Sing Song Friday afternoon, sorry Grace Coburn had a real bad cold and her voice was out of tune. Santa came to visit us, with two darling Elves, brought us children Candy Canes because we behaved ourselves. They said they would come a little later on, we thanked them for coming and then they were gone.

In the last couple of days 2 diamond rings have come to Hyland Crest, Melinda Wood and Jill Stamp. Congratulations girls and we wish you all the best.

A girl who gets a kiss and runs and tells her mother should be an old maid and never get another.

CARD OF THANKS

I would like to take this opportunity of expressing our appreciation to all those who were so kind and considerate during the long illness and death of my son Lorne. Special thanks to Leona, Betty, Ellen and Maxine, who looked after his medication and for their comforting words the two weeks he was home. We also thank the Ross Memorial Hospital, the doctors and nurses, also Dr. Holliday - Rhodes, the Ambulance drivers, the Gordon Monk

CARD OF THANKS

Funeral Home, Pastor Wicks for his visits and prayers, also Pastor Wood and his church members for all their prayers, and again I like to give special thanks to all the ladies of the North Road Chapel for the lovely lunch that was served after the funeral. Such kindness can never be forgotten.

God saw him getting weary,
The hills were hard to climb,
He closed his weary eye lids,
And whispered, "Peace Be Thine".

May God bless you all.
Janie Kent and family

IN MEMORIAM

HARRISON - In loving memory of our dear husband, son and brother, Gordon, departed this life December 6, 1979.

Tonight the stars are shining
On a lonely, silent grave,
Where he lies in silent slumber
One we loved but could not save
May Heaven's winds blow softly
O'er that sweet and hallowed spot
Where the one lies sleeping
and
We will forget you not
Gordon.

Inserted by his loving wife
Pearl, Mom & brother
Harold. 12C

HARRISON - In loving memory of a brother in law and uncle Tom who passed away November 5, 1981.

Wonderful memories
Woven in gold
There is a picture
We tenderly hold
Deep in our hearts
A memory is kept
To love and to cherish
And never forget.

Sister in law Laura,
& nephew Harold
